Congress To-Day. The SENATE did not sit to-day.

House of Representatives .- The Speaker laid before the House a statement of the United States Treasurer's accounts, and the report of the Superintendent of the Coast Survey. A debate took place on printing ten thousand extra copies, but the motion was referred to the Committee on Printing.

At twenty minutes to one o'clock, the House adjourned until Tuesday, to enable the Speaker, in the meantime, to appoint the standing committees.

THE CENSUS .- Justice to Mr. Kennedy .- The Baltimore Sun of this morning says: "In our article yesterday on the subject of apparent errors in the census returns for Maryland, we are informed there were statements calculated to do injustice to the management of the Censu's Bureau, and to the Assistant Marshals in this State. The errors indicated were not in the returns, but were the result of an accidental transposition of figures, by the person at Washington who was politely permitted to transcribe them. * * We think it but justice to add that, in the opinion of well-informed persons, every possible effort has been made to render the returns for this State accurate and in every respect worthy of public confidence, and that their efforts have been fully success-

CHEERING PROSPECTS. -The London Dispatch thinks, with the Yankee singers, that "there is a good time coming." It says: "The time is fast approaching when all despotic governments must bow to the dictation of America and England combined. It cannot long be borne that a parcel of domineering emperors and kings shall play with the people, or trample on their rights. just as the fit takes them." These are very like "Yankee notions"-quite as good, at all events-and we are willing to share them with the rest of mankind.

VIRGINIA .- The papers of the Old Dominion are more zealous in attacking and defending the candidates for office than we have ever be fore seen them. Next Monday will be a great day. Under the new constitution, a Governor, Lieutenant Governor, Attorney General, and members of both houses of the legislature have to be chosen, and upon these will devolve the duty of putting the new government into operation. A writer in the Alexandria Gazette says that, instead of an increase of 100,000 by means of general suffrage, the increase will not be more than 30,000.

THE SPEED ACCELERATED .- The Baltimore American remarks that the new arrangemen by which the mails and passengers are carried from New York to Washington in twelve hours appears to work smoothly and successfully, and is a decided improvement on the old mode of slow progression, by which several hours longer were consumed in the journey. The express trains between Baltimore and Philadelphia have so far made the trip with great regularity in four hours and a half, and we believe in no instance yet failed to make the desired connex-

An Autograt .- The practical meaning of the term Autocrat, says the Lynchburg Daily Express, is not generally understood in this country. It is supposed, by most people, that an Emperor of Russia is, under any circumstances, an Autocrat. This, we have been informed, is Democratic victory achieved by his patriotic not the fact. An Emperor, during the first State in the recent election. The immense matwenty-five years of his reign, if he shall reign jority of nearly thirty thousand votes given to so long, is bound by some few legal restraints; him is a proof of popularity which rarely falls after that time he is by law the unrestrained to the lot of any one, and of which he may well controller of the lives, as well as the property be proud. It is prophetic of the triumph which of his subjects. This makes him an Autocrat.

We saw recently in several papers an Stem stating that Mr. Fillmore had declined being a candidate for the Presidency, and credited to a Washington telegraphic despatch. We now find it on the rounds credited to the the Charleston navy yard on Saturday last. principles. The gifted and patriotic editor has hoaxes. We give facts as facts, and rumors for the Government. Men with families canas rumors. But we never believed that rumor. Mr. Fillmore will retire before inevitable fate. and nothing else. He loves position, power, place, patronage, profit, and all the alliterations you can pile up, until you come to poverty. Mr. Fillmore is a Union man, and ready to unite with any union of Democrate and Whigs that can re-elect him. His Unionism leads him into a belief in the Unitarianism of every thing but the party that placed him where he is; and in respect to that he is a doubter-whether in the bonds of its cohesion or the numerical sufficiency of its constituent parts, we do not feel called upon to declare.

WHAT WILL THE TWO NATIONAL CONVENTIONS po !- We predict, says the New Orleans Delta, "that the National Conventions will dodge the whole Compromise, and come together on a platform which may be resolved into a simple declaration of eternal, undying, unfaltering, never-ceasing, overwhelming, and inextinguishable love of the Union, and nothing else, (except the spoils.") Now that is what we call an orthodox platform-every plank of it!

CENTRE MARKET .- A fine, glorious morning, and a full market-full of provisions, customers, and cash. Best cuts of beef, 10 cents per pound; lamb, 8; veal, 8; pork, 10; lard, 10; sausages, 10; butter, 20@37; eggs, 37 per dozen; turkeys, 62@\$1.87 apiece; wild do., \$1; geese, 62@75; ducks, 62@75 per pair; canvas-back ducks, \$1.50; shufflers, 37; red heads, \$1; chickens, 50@75; pheasants, 50 apiece; partridges, 124; rabbits, 124; sweet potatoes, 25 per peck; Irish potatoes, 25; turnips, 16; onions, 37; parsnips, 25; cabbages, 2@10 per head; celery, 4@6; apples, 25@50

Has the Philadelphia Sun anything to say about this?

THE PRESIDENCY .- The Louisville Democrat flies the flag of Stephen A. Douglas and R. M. T. Hunter, for President and Vice President. The Carroll county (Md.) Democrat has raised the name of Douglas also.

We would call the attention of the mem ers of the Columbia Typographical Society to the notice of the meeting to be held this evening for the annual election of officers. This organization has resulted in advantage to the printers of this city and of the whole Union, and should be cherished and sustained by them all. To Washington the eyes of all are turned; and before many years pass away, this city will extend its operations in printing and publishing in a manner hardly dreamed of by many at the present hour. The archives of the nation are here: the great libraries of the nation are to be here; the Smithsonian Institution is here; the Patent Office, Agricultural Office, the National Institute-all are to be here. The great literary and scientific men of the country will pass much of the year in this city, and professional authors will make their abode here. It is impossible, in view of these things, that the printing and publishing emporium of the country can be elsewhere. Let the followers of this noble craft remember these things, and remember that on them rests the responsibility of proteeting the interests and reputation of their fraternity. To keep up the prices to the highest practicable point, to abridge the hours of labor, to reform the abuse of working at The excitement is unbounded. unseasonable hours, and especially of violating the Sabbath-and to enforce sobriety, industry, and a proper regard for personal reputation, are duties incumbent upon them. May they not be disregarded. Many a philosopher, jurist, statesman, preacher, and poet looks back to the printing office as his alma mater; and it will ever be so. Let, therefore, this school be preserved in efficiency, dignity, and purity, and let the future generation thank those now upon the stage of action for the faithfulness and wisdom of their legislation.

Late from Utah Territory-Arrival Judge Brandenburg.

We have had the pleasure of an interview with his honor Judge Brandenburg, formerly of Pennsylvania, and now Chief Justice of the Territory of Utah, who has just arrived in this city from the great Salt Lake city.

Judge B. informs us that the statements heretofore published, as coming from a judicial officer, (understood to be his associate, Judge Brocchus,) respecting the infamous conduct of Governor Brigham Young, and his Mormon confederates, are in every particular correct.

Judge B. was present at the entertainment at which Gov. Young denounced the lamented Taylor, and declared in blasphemous terms that he was in hell.

We understand that Judge B. left Judge Brocchus at St. Louis, and Captain Day, the sub-Indian Agent, at Cincinnati. These gentlemen may be expected here in a few days.

The Treason Trials.

The court-room was yesterday densely filled, two-thirds of the audience being females. Judge Grier took occasion to command better order, and strongly reprobated the conduct of those who on the preceding day had manifested applause during the evidence of a witness. After the hearing of some rebutting evidence on the part of the prosecution, Mr. Ludlow, for the United States, opened the argument to the jury, in a speech distinguished for its great research and ability. He first detailed the circumstances of the outrage at Christians, and reviewed the evidence showing Hanway's connexion with the matter, and then defined the law of treason, with its application to this case, sustaining his position by reference to authorities. Mr. Lewis was expected to address the court in behalf of of murder, and the citizens were much incensed

Cor. WM. MEDILL, OF OHIO .- This distinguished gentleman, who has been recently elected Licutenant Governor of Ohio, has arrived in this city, and taken lodgings at the National Hotel. His numerous friends will be proud of an opportunity to congratulate him on the great awaits the Democracy throughout the Union in the contest which is to be decided in 1852.

A BAD BUSINESS .- About fifty more mechanics and other workmen were discharged from Washington Telegraph. We never send out This is unfortunate for them, and unfortunate not afford to be thrown out of employment at this inclement season of the year, and the Government cannot keep up a complement of good men while its employment is so precarious.

GREAT MEN OF OHIO .- They are numerous. The Ohio Statesman says that State has already two candidates in the field for President, and two also for Vice President. Governor Wood and ex-Senator Allen are for President. A correspondent of the Cleveland Plaindealer nominates Houston for President and David Tod for Vice President. Somebody has already nominated Colonel Medill for the same place. Trot 'em all out, sayeth the Statesman.

She has arrived in Philadelphia in good health and in fine voice, and is to sing at the Musical Fund Hall this evening. sing at the Musical Fund Hall this evening. Ohio as particeps criminis. A Liquor-Law Fight, and Homicide.

BANGOR, Dec. 5 .- The officers attempted to seize a quantity of liquor on board the steamer Boston to-day, when Capt. Sandford and the crew of the steamer made resistance; and, during the affray, a man named Crane was mor tally wounded. Capt. Sandford was subsequently arrested, and held to bail in the sum of \$5000. Crane died shortly afterwards, and Sandford was again arrested. The affray com-menced at Frankfort and ended at Belfast. It is believed that one more of the combatants will die, and many others are seriously injured.

New Hampshire. MANCHESTER, Dec. 5 .- The Whigs of the State to-day nominated Thomas E. Sawyer, of Dover, for Governor, and Joseph Sawyer for Railroad Commissioner.

New York Elections.

ALBANY, Dec. 4 .- The State canvassers met and organized this day, and adjourned until tomorrow, when it is expected the result of the election held a month since will be finally declared. It is supposed on all hands that the Fourteenth Ward mandamus will be the means of giving Mr. Ullman (Whig) the certificate of Attorney General, instead of Mr. Chatfield.

Later from Havana-Mr. Thrasher sent to Spain. NEW ORLEANS, Dec. 5 .- The steamer Philadelphia arrived this morning from Havana, bringing 400 passengers, many of whom were those left by the Georgia, and one week's later advices. Mr. Thrasher had been sent from Havana to Spain in a merchant vessel, to serve out the term of years in the mines to which he had been sentence.

Reese, of Philadelphia, passenger in the Golden Gate, growing out of the former accusing the latter with being too intimate with his wife. Reese was violently assaulted by the Italian, and in defence shot him dead. Reese was arrested on the charge against him, but upon explanation it was decided that he was not to blame. The American Consul had interceded, and it was thought he would be released.

FAILURE OF A BANKER IN OHIO. - There has been a queer sort of an explosion, as we learn by a letter from a gentleman of high respectability, dated at Newark, Licking county, Dec. 1, 1851. It is as follows:

"The town is all in commotion and full of people from the country. A. J. Smith, the Banker, has gone, fleeing from the wrath of the people. His affairs are an entire wreck, and the loss and distress to follow his failure cannot be calculated. DR. J. S. ROSE'S NERVOUS CORDIAL Great Medical Discovery!

DR. J. S. ROSE'S NERVOUS CORDIAL,

FOR ALL NERVOUS CONDITIONS OF THE SYS
TEM.—I first discovered this preparation in 1840,
since which time I have found but Hitle difficulty in curing most NERVOUS DISEASES, but very recently I
have added an ingredient which acts like magic in reudering my NERVOUS CORDIAL far more certain in curing Nervous Tremor of the Muscles, Shaking of the
Head, Palpitation, Flatulence, Heart-burn, Tic Dolor, or
Pain in the Face, with Twitchings of the Muscles or
Flesh, Wakefulness, Heart Diseases, Neuralgis, and for
the mind or body, affected by care, labor or study. This
truly wonderful Medicine, from its peculiar happy effect
in aliaying the most violent Nervous affections, and completely cradicating them from the system, may justly be
termed the grandest discovery in the science of Medicine.
It subdues and averts all those NERVOUS DISEASES,
over which the most profound medical skill has hitherto
had no control. It is a grand restorer in building up a
weak constitution, already worn down by disease and debillitated by other Medicine; its invigorating properties
act like a charm, and its beneficial effects are almost miraculous. The weak, the nervous, and those suffering
with constant pains and uneasiness, are frequently cured
by using a single bottle.

FAIR FOR THE BENEFIT OF THE POOR.—The Ladies of the Union Benevolent Employment Society propose having a Fair at Odd-Fellows' Hall, Seventh street, commencing on Monday evening, 5th instant, and to be continued each day and evening during the week. A variety of Fancy Articles and Refreshments, together with a quantity of ready-made clothing, the work of the women employed by the Society, will be displayed and offered for sale.

The Ladies confidently hope that in this way their almost exhausted treasury may be replenished, and they be enabled joyfully and thankfully to carry on the work in which they are and have been for years engaged, of adding to the comfort (by providing them with work and the necessaries of life) of that large class of persons which, in common with every other city, is to be found in our midst—the suffering and industrious poor.

The object is one of all others, it is thought, which must commend itself to the sympathies of our nature, and particularly at this season of the year, causing each favored child of Heaven to be willing and anxious to evince their gratitude to the Giver of every good, by returning something of what they have received to their less favored brethren.

Any contributions in fancy articles or refreshments will be gratefully received, and may be sent to Odd-Fellows' Hall, on Monday next, or to Mrs. Mills, Mrs. O. B. Brown, Mrs. Eckard, and Mrs. Chas. Fowler, Directresses of the Society. DAIR FOR THE BENEFIT OF THE

GAUTIER'S HERB CANDY,

GAUTIER'S HERE CANDY,

For Coughs, Colds, Bronchitis, Ashma, etc.

THIS INVALUABLE CANDY has the extraordinary property of immediately relieving coughs, colds, hourseness, difficulty of breathing, bronchitis, ashma, and huskiness of the throat. It operates by dissolving the congeled phlegm, consequently cau-ing a free expectoration.

Those who are troubled with that unpleasant tickling in the throat, which deprives them of rest night after night, by the incessant cough which it provides, will, by using this Candy, find immediate relief.

The subscriber, in presenting this Candy to public notice, wishes to be expressly understood that he does not claim for it any miraculous curing properties, nor does he present if with a long string of certificates of recommendation, as he considers these altogether needless.

This Candy is composed of six simple ingredients, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would deter many from resorting to them; but, when made into a candy, become palatable, without losing any of their valuable properties.

It has been prepared at the suggestion of one of our most eminent physicians, and has been used by many of his and my personal friends with signal success, and at whose earnest solicitation I have been induced to enter largely into its manufacture, assured by him and them that when generally known and tried it will supersed all the various sough candies and mixtures now in use.

As for myself, I am confident, from the ingredients of which it is composed, that, should it not effect an entire cure, it can do no injury even to the most delicate in health, and therefore have no hestianey in introducing it to the citizens of Washington and vicinity.
